

# UHF Vehicle TAG

Viotys TAG is **a long-range, durable RFID tag optimized** for attachment to metal assets. Crafted with premium materials, it offers market-leading consistency and reliability in outdoor and industrial applications.

Specifically **designed for vehicle recognition and fueling options**, Viotys TAG ensures seamless operation and accurate identification in various environments.

# UHF Vehicle TAG

The Rugged Industrial UHF Vehicle Tag is specifically designed for installation near vehicle fuel tank inlets, providing reliable identification in industrial environments.

Built to withstand rugged conditions, this tag ensures robust performance and durability, making it ideal for use in fleet management and fueling applications.

With its industrial-grade construction, it offers long-lasting reliability and accurate vehicle identification for seamless fueling operations.

## Datasheet

FREQUENCY :  
**UHF 860-930 MHz (EPC Class 1 Gen2v2)**

PROTECTION:  
**IP68 (Submersion proof to 3000m depth)**

READ DISTANCE : **> 10 cm**

WORKING TEMPERATURE : **-40 to +85 °C**

DIMENSIONS : **51 x 48 x 12.6 mm**

MATERIAL : **ABS, Optimized for metal**

WEIGHT : **25.6 g**
