

# Keypad with 16x2 LED screen

PROTECTION

IP67

# Keypad with 16 x 2 LED screen

The Rugged Metal Keypad with LCD Screen is specifically designed for **use with the Fuel Controller GT-9**.

While it serves as an integral part of the controller, it can also be utilized separately in conjunction with third-party controllers.

With its robust construction and versatile functionality, the Rugged Metal Keypad with LCD Screen is the ideal solution for secure and efficient fuel management operations.

The Rugged Metal Keypad with LCD Display offers exceptional durability and performance, making it the ideal solution for outdoor applications and harsh environments.

## Datasheet
